Training Announcement

Advanced Roadside Impaired Driving Enforcement

Program Date/Time: December 14-15, 2016 (Wednesday & Thursday) 16 hours, 8:15 AM - 4:15 PM

Location: **Municipal Police Training Academy**

Who Should Attend: Officers with a strong command of the SFST, and future candidates considering the DRE Program, especially those competing for slots in the DRE School's in Concord, New Hampshire, Hartford, Connecticut and Franklin, Massachusetts, 2017. ARIDE is limited to eighteen (18) officers; therefore, it is imperative only those proficient or actively performing SFST attend.

The Advanced Roadside Impaired Driving Enforcement (ARIDE) program addresses the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Recognition Expert (DRE) Program.

The SFST program trains officers to identify and assess drivers suspected of operating a motor vehicle under the influence of alcohol while the Drug Evaluation and Classification (DEC) Program provides more advanced training to evaluate suspected drug impairment. The SFST assessment is typically employed at roadside, while an officer trained as a DRE conducts a drug evaluation in a more controlled environment such as at a police station.

ARIDE is intended to bridge the gap between these two (2) programs by providing officers with general knowledge related to drug impairment and by promoting the use of DREs in Rhode Island. One of the more significant aspects of ARIDE is its review and student demonstration of the SFST proficiency requirements. The ARIDE program also stresses the importance of securing the most appropriate biological sample in order to identify substances likely causing impairment. ARIDE is also a pre-requisite for acceptance into the DRE Program.

Please complete the attached registration form and fax or email to Mrs. Donna Lavallee at the Municipal Police Training Academy @ 401-722-3151 (fax), donna.lavallee@risp.gov no later than Friday, December 9th, 2015.
